1. The following is an examiner's statement of reasons for allowance: The examiner agrees with the applicant's position in that the prior art teaches only the suboxides, (ie NiO_x , where x is less than 1). This precludes the presence of NiO and Ni_2O_3 as predominant species in the films.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Martin J. Angebranndt whose telephone number is 571-272-1378. The examiner can normally be reached on Monday-Thursday and alternate Fridays.
